Dear Mr. Lockhart:

Enclosed please find additional EPA comments regarding the draft Past Remedy Report for Operable Unit 3. Our comments were transmitted to you in correspondence dated January 31, 1991. However, the enclosed comments from Region 8's toxicologist, Dr. James LaVelle, were inadvertently omitted. Dr. LaVelle's comments were previously transmitted unofficially to representatives of DOE and EG&G and were discussed during the review and comment period.

Should you require any additional discussion or clarification of these comments, please contact Ms. Bonita Lavelle at (303) 294-1165.

Sincerely,

Martin Hestmark
